Subject: RE: St Louis (ex) Area Support #3 Site

We would like to at least see a PA conducted at this site since the history is difficult to sort out. Not sure if the Docket could address this?

Ruben Zamarripa, Acting Chief
Federal Facilities Section
(573) 751 - 7757

Ruben,

Again EPA HQ is inquiring about the status of old sites. The following is the last communication we have on this site. Is there a plan to do more at this site?
